

The easy way to find leaks in piping systems.

KC ProSupply's leak detection spray LEAKFiNDER™ makes it easy to locate leaks in all kinds of piping systems.

Spray LEAKFiNDER™ directly on the pipe connection, and be careful that the fluid completely covers the connection. If there is a leak, small bubbles will appear in the fluid. This way, you're always sure that your gas installation is tight.

LEAKFiNDER™ facts

- Tested by the Danish Testing Authority for Gas Equipment and found harmless to all approved gasket materials on the market
- Frost-proof down to -15 degrees C
- Non-flammable
- Will not damage plastic, rubber, varnish, textiles, etc.
- Tested by the Danish Technological Institute
- Approved for PE/PVC plastic pipes for gas, water, compressed air, CO2, oxygen and more
- Contains no solvents

Order your LEAKFiNDER™ in one of the centres below!
